CONTEST RULES & TIPS

All contest models must be the product of the entrant's own craftsmanship. Judges cannot be expected to be familiar with every kit or vehicle produced. Provide any information you can about your model to ensure those things are not overlooked. The best thing you can do is print a listing of what you did to the model & how you did it. List kits, parts used, techniques, modifications, and noteworthy details. This applies to all classes. A 4x6 note card is good, or use the space on the registration slip.

Models may be picked up by the judges for closer inspection. If your model needs special handling, note it on the entry form and contact an event Judge.

There will be no class "sweeps," which means that no one person can take 1st, 2nd, and 3rd places in any one class. Also, no repeat 1st place winning models from previous Heartland Shows.

"AMERICAN GRAFFITI" THEME – This theme is NOT restricted to movie cars. Build any hot rod or custom, 1960 and older that would be typical of the Drive-in scene in the '50s and early '60s. Bring your "A" game and do us proud!
